

LEYA More about me – Existing children

Dear parents and carers

As we look forward to welcoming your child/ren back to our setting, it would be helpful to know what you have been doing at home during lockdown. The information that you share with us will help us to re-settle your child and make sure that we can meet their needs. We will also ask you to update your personal details

We want our children to settle in as soon as possible and remain safe, therefore we need added details to ensure theirs and staff safety at all times.
